ASX GOLD COMPANY APRIL 2022

Qualification

Forward-Looking Statements

Some statements in this report regarding estimates or future events are forward looking statements. They include indications of, and guidance on, future matters. Forward looking statements include, but are not limited to, statements preceded by words such as "planned", "expected", "projected", "estimated", "may", "scheduled", "intends", "anticipates", "believes", "potential", "could", "nominal", "conceptual" and similar expressions. Forward looking statements, opinions and estimates included in this announcement are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward looking statements are provided as a general guide only and should not be relied on as a guarantee of future performance. Forward looking statements may be affected by a range of variables that could cause actual results to differ from estimated results and may cause the Company's actual performance and financial results in future periods to materially differ from any projections of future performance or results expressed or implied by such forward looking statements. These risks and uncertainties include but are not limited to liabilities inherent in mine development and production, geological, mining and processing technical problems, the inability to obtain any additional mine licenses, permits and other regulatory approvals required in connection with mining and third party processing operations, competition for among other things, capital, acquisitions, includes, includes, includes, includes, includes and exchange rate, currency and interest fluctuations, various events which could disrupt operations and/or the transportation of mineral products, including labour stoppages and severe weather conditions, the demand for and availability of transportation services, the ability to secure adequate financing and management's ability to anticipate and manage the foregoing factors and risks. There

This announcement has been prepared in compliance with the JORC Code (2012) and the current ASX Listing Rules.

JORC Code

It is a requirement of the ASX Listing Rules that the reporting of (amongst other things) exploration results and mineral resources in Australia comply with the 2012 edition of the Joint Ore Reserves Committee's Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves ("JORC Code"). Investors outside Australia should note that while mineral resource estimates of the Company in this document comply with the JORC Code (such JORC Code mineral resources being "Mineral Resources"), they may not comply with the relevant guidelines in other countries and, in particular, do not comply with (i) National Instrument 43-101 (Standards of Disclosure for Mineral Projects) of the Canadian Standards"); or (ii) Industry Guide 7, which governs disclosures of mineral reserves in registration statements filed with the US Securities and Exchange Commission (the "SEC"). Information contained in this document describing mineral deposits may not be comparable to similar information on probable to similar information on probable reserves and, as a result, the SEC generally does not recognise classifications other than proven and probable reserves and, as a result, the SEC generally does not recognise to their mineral resources in SEC filings. You should not assume that quantities reported as "resources" will be converted to reserves under the JORC Code or any other reporting regime or that the Company will be able to legally and economically extract them.

Competent Person's Statement

The information in this report that relates to Exploration Results is based on, and fairly represents, information compiled by Mr. Haydn Hadlow, a Competent Person who is a full-time employee of the Company, a shareholder of Genesis Minerals Limited and is a member of the Australasian Institute of Mining and Metallurgy. Mr. Haydn Hadlow has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr. Haydn Hadlow consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The Information in this report that relates to Mineral Resources is based on, and fairly represents, information compiled by Mr Paul Payne, a Competent Person who is a Fellow of the Australasian Institute of Mining and Metallurgy. Mr Payne is a full-time employee of Payne Geological Services and is a shareholder of Genesis Minerals Limited. Mr Payne has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Payne consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

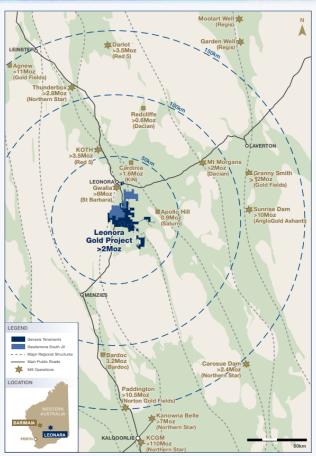

Full details of the Leonora Gold Project Mineral Resource estimate are provided in the Company's ASX announcement dated 29 March 2022 and entitled "Leonora Resource increases by 400,000oz to 2Moz". The Company confirms that it is not aware of any new information or data that materially affects the information included in that original market announcement dated 29 March 2022 and the Company confirms that all material assumptions and technical parameters underpinning the mineral resource estimates in that market announcement continue to apply and have not materially changed.

Release authorised by:

Raleigh Finlayson, Managing Director, Genesis Minerals Limited

Introduction

- Strategic tenement holding +65Moz Leonora District* of WA
- Outstanding team Previously operated ~1/2 the mines in Leonora District, proven track record of discovery and accretive M&A
- Unique Executive remuneration structure Ensures alignment with shareholders on performance and growth
- Rapid growth High quality 2Moz Resource; more to come all deposits open in all directions
- Deposits can be looked at differently on the back of "Saracen learnings"
- Stellar regional exploration upside e.g. new shallow discovery at Puzzle North
- A\$24m cash^ (A\$69m assuming all ITM options exercised); no debt
- Optionality Multi pronged approach ... exploration, development, M&A
- Genesis is open for business

*Leonora District 150km radius of Leonora town, total endowment is mined ounces plus un-mined Resources $^{\rm A}$ At 31 December 2021

Purpose

The Australian gold company most respected for our people, partnerships and performance

Vision

The premium Australian gold producer - Sustainable, high quality, +300koz pa

Core values

Our Core Values drive our culture and leadership

Five-year strategy - Plan on a page

"The premium Australian gold producer -Sustainable, high quality, +300koz pa"

Fill the void with premium "Aussie-leader" characteristics

> +300koz pa Two+ operations Low all-in cost +7 years mine life Priority WA

Deliver superior TSR

Our **Core Values** drive our culture and leadership

Proven Board and Management

Skill set to move from exploration to production

Unique remuneration opportunities - Alignment with shareholders

Progressive ESG

Loyal, engaged and committed for the long term

Thinking and acting like OWNERS - Target 100% of employees own GMD shares

Skilled, committed and stable geoscience team

>40km highly prospective strike

Full pipeline of near-mine and regional exploration targets

Admiral / Orient Well / Puzzle - Virtually no exploration for >20 years

Puzzle Corridor - April 2021 Puzzle North discovery bodes well for more

Ulysses to Orient Well -Targets include intersection of shear with dolerite units

Management KPI's drive sustainable growth:

1/3 Resource growth to 2.5Moz 1/3 Reserve growth to 1.0Moz 1/3 First gold production Long-term commitment

Deposits can be looked at differently on the back of "Saracen learnings"

> Bulk mining Future proofing De-risking

Track record of discovery and accretive M&A

Focused on Tier-1 Leonora District

Discipline first - Track record of sensible accretive M&A

Strategy, process, team / capabilities, quality, value per share

OPTIONALITY - M&A just one-prong in a multi-pronged approach

Exploration / Development / M&A pathways

Leonora District - Long milling / short ore..."Home ground advantage"

...consolidation makes sense

Genesis is open for business

Five-year strategy

VISION

"The premium Australian gold producer -Sustainable, high quality, +300koz pa"

Fill the void with premium "Aussie-leader" characteristics

> +300koz pa Two+ operations Low all-in cost +7 years mine life Priority WA

Deliver superior TSR

Australia's next mid-tier gold Company - Fill the void between the large-cap (ASX

100) and small-cap miners

• Reward = Attract larger institutional investment inflows and **deliver superior TSR**

Five-year strategy - People and culture

PEOPLE AND CULTURE

Our **Core Values** drive our culture and leadership

Proven Board and Management

Skill set to move from exploration to production

Unique remuneration opportunities - Alignment with shareholders

Progressive ESG

Loyal, engaged and committed for the long term

Thinking and acting like OWNERS - Target 100% of employees own GMD shares

- Small Company DNA Everyone is important, everyone impacts value
- ...but THINK BIG; Genesis is not here to stand still; building the capacity for further growth:
 - Career development opportunities; Multiple pathways / optionality
 - Succession planning for key roles
 - Learning and mentoring
 - Progressive ESG
 - Adding "bench strength" to deliver growth
- Unique Executive remuneration opportunities Low base / high "at-risk" performance-based incentives (growth-driven KPI's)
- Committed to developing talent "Hire for attitude, train for talent":
 - Existing Identification (register), development, engagement, reward
 - Future Graduates, apprentices, students, local community

Five-year strategy - People and culture

Proven leadership team...

- Winning blend of Genesis people with ex-Saracen Executives
- **Proven district track record** of discovery and production
- Capabilities well-known to the mining industry and capital markets

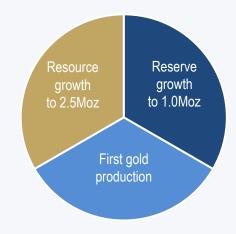

...<u>uniquely</u> aligned with shareholders

- Key management appointments:
 - "Long" at-risk performance-based incentives (rights and OTM options)
 - "Short" base salary A\$100,000 each
- Skin in the game Board and key management own ~21% (FD)

Loyal, engaged, committed for the long term

- Performance-based incentives contingent upon sustainable growth
- **Retention of key leaders** in a competitive market
- Positive influence on long-term decision making

Performance rights - Growth hurdles (three tranches, three-year escrow / three-year minimum service commitment)

Five-year strategy - Discovery

DISCOVERY

Skilled, committed and stable geoscience team

>40km highly prospective strike

Full pipeline of near-mine and regional exploration targets

Admiral / Orient Well / Puzzle - Virtually no exploration for >20 years

Puzzle Corridor - April 2021 Puzzle North discovery bodes well for more

Ulysses to Orient Well -Targets include intersection of shear with dolerite units

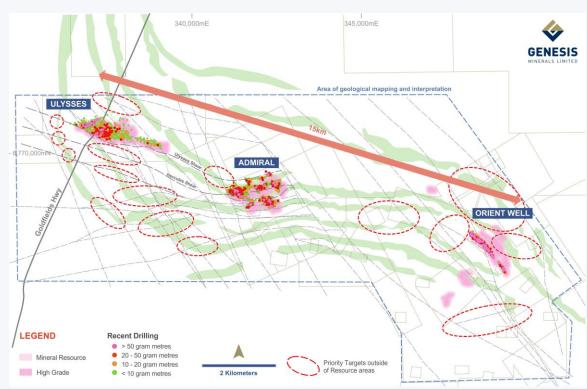

- Strong track record of successful diligent exploration
- Discovery cost A\$27/oz last 12 months
- Significant opportunity for new discoveries...
 - ...evidenced by the April 2021 Puzzle North discovery
- Focus areas in 2022 include:
 - Puzzle strike extents (~10km long granite greenstone contact)
 - Regional work along the 15km long Ulysses-Orient Well trend
 - Follow-up activities at the Desdemona South JV with Kin Mining (KIN AU)

Five-year strategy - Discovery

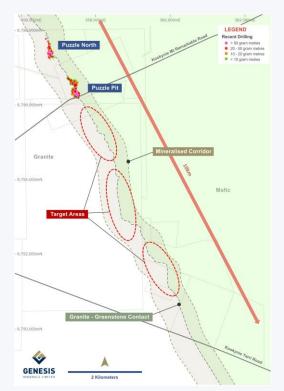

>40km of highly prospective strike

Discovery opportunity - Ulysses to Orient Well Corridor

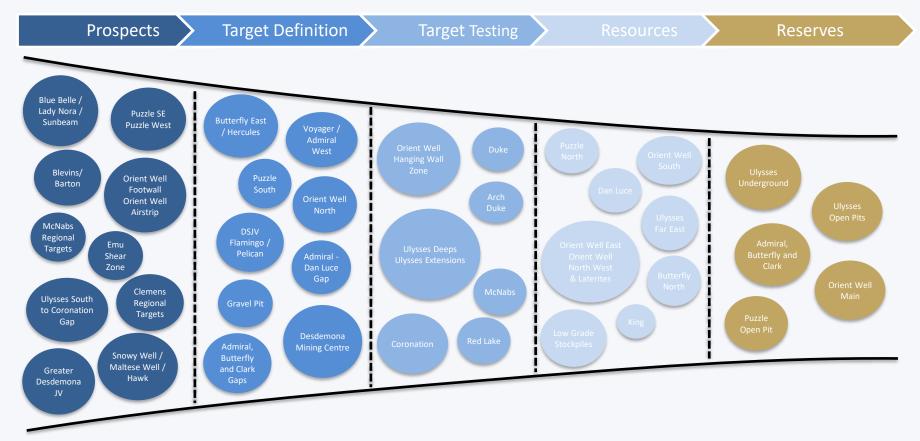

Discovery opportunity - Puzzle Corridor

Five-year strategy - Discovery

Full pipeline of near-mine and regional exploration targets

Five-year strategy - Organic growth

ORGANIC GROWTH

Management KPI's drive sustainable growth:

1/3 Resource growth to 2.5Moz 1/3 Reserve growth to 1.0Moz 1/3 First gold production Long-term commitment

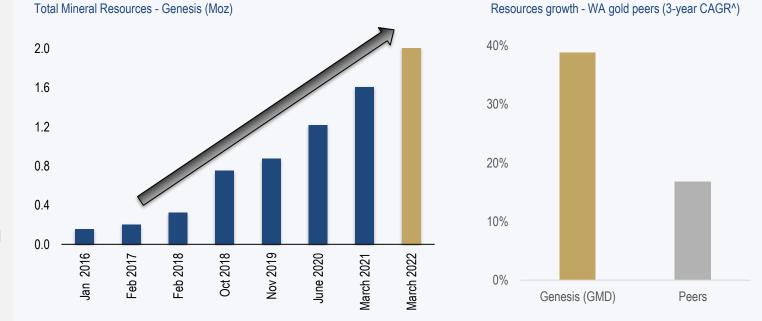

Deposits can be looked at differently on the back of "Saracen learnings"

> Bulk mining Future proofing De-risking

Track record of discovery and accretive M&A

Focused on Tier-1 Leonora District

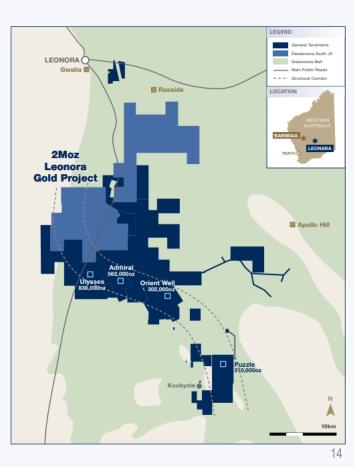

- Current Resource **39Mt @ 1.6g/t for 2.0Moz** (57% Measured and Indicated)
- Sector leading Resource growth rate 39% 3-year CAGR (v peers 17%)

Five-year strategy - Organic growth

Central player in the tier-one Leonora district:

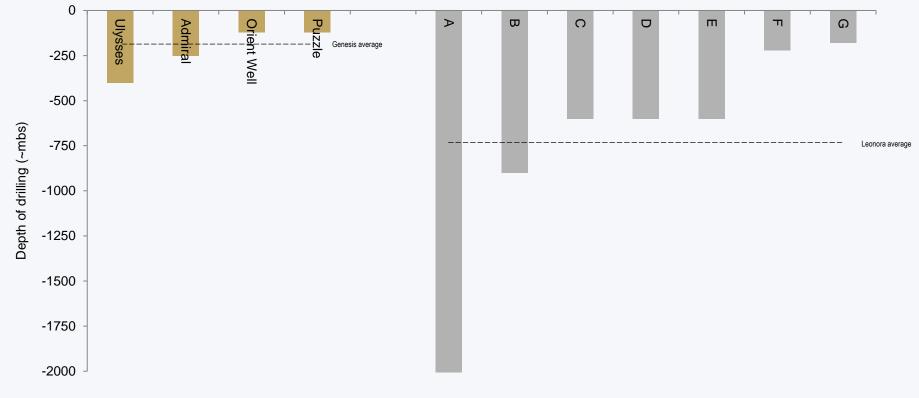

- Resource growth in three key areas:
 - **Puzzle** +251,000oz to 310,000oz
 - Admiral +103,000oz to 562,000oz
 - Orient Well +55,000oz to 302,000oz
- Puzzle growth driven by maiden contribution from recent shallow
 Puzzle North discovery
- **Significant growth opportunities remain** through extension of known Resources and new discoveries
- All Resources remain open, along strike and at depth; Limited deeper drilling across entire belt
- Significant backlog of assays pending; Drilling continues

Five-year strategy - Organic growth

Advantage depth - Genesis ~1/3 depth of Leonora peers:

• A lot further to go...

Five-year strategy - M&A

M&A

• Capabilities / coarse filters:

Discipline first - Track record of sensible accretive M&A

Strategy, process, team / capabilities, quality, value per share

OPTIONALITY - M&A just one-prong in a multi-pronged approach

Exploration / Development / M&A pathways

Leonora District - Long milling / short ore..."Home ground advantage"

...consolidation makes sense

Genesis is open for business

COMMODITY	JURISDICTION	PROJECT STAGE	SCALE	MINING AND METALLURGY	GEOLOGY AND MINE LIFE	COSTS / FINANCIAL
Gold	Prioritise Western	Advanced exploration	>100koz pa potential	Open pit	Eastern Goldfields	Target "first half" all-in cost
Gold / Copper	Australia	Producing	Target group	Underground	geology	potential
Copper / Gold		Mine development /	>300koz pa Multiple mines	Bulk mining experience	Leonora District	Value accretive per share
		refurbishment		Conventional metallurgy	7+ year mine life	Sector-leading return on
				Refractory metallurgy	Significant inventory upside	invested capital (ROIC)
					All Australian geological settings	Internal competition for capital

PEOPLE AND CULTURE, PROGRESSIVE ESG

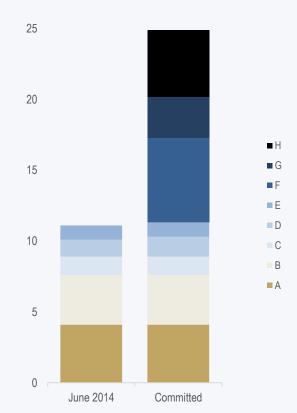

Five-year strategy - M&A

Regional backdrop - Leonora District:

- Long and rich history, multiple players, many mills
- Long milling:
 - District capacity expanded from ~10 to 25Mtpa in 8 years
 - Further expansions slated towards 30Mtpa

Short ore:

- Few new discoveries (ex-Puzzle North)
- v Genesis long ore Leonora Resources 39% 3-year CAGR... ...How big is the Leonora Gold Project?
- High investor appetite for sensible regional consolidation

Open for business

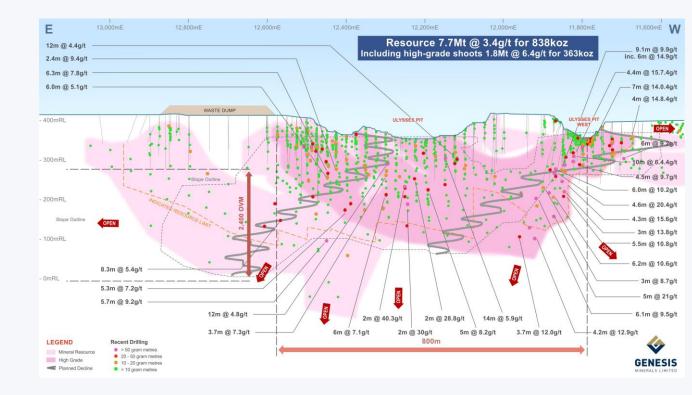

- We have arrived as a central player with genuine scale in the tier-one Leonora District
- We are **uniquely aligned with our shareholders**
- We have an enviable platform for organic and inorganic growth:
 - **People** Building a leading team with extensive technical and corporate experience
 - **Assets** High quality, growing 2Moz Resource
 - Balance sheet Financially robust
- We are **open for business** High energy, not here to stand still but we will be disciplined

APPENDIX A - Leonora Gold Project

Ulysses

- High endowment 2,400oz per vertical metre (OVM)
- Shovel ready, underground optionality
- Ulysses remains open along strike and at depth
- Extensional drilling will resume in 2022

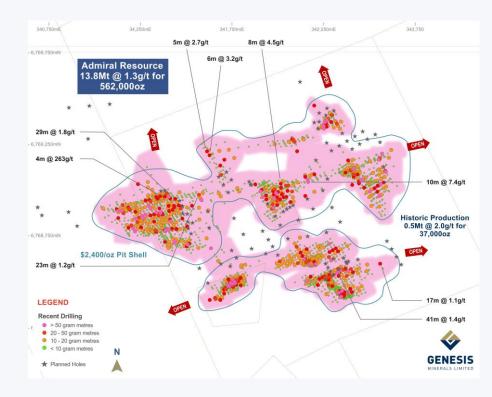

APPENDIX A - Leonora Gold Project

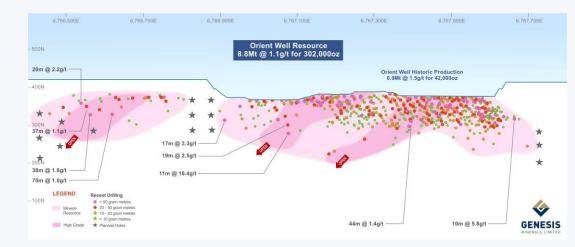

Admiral

- "Forgotten" shallow opportunity Virtually no exploration for ~20 years
- Multiple structures / multiple orientations / multiple rock types:
 - Favourable for significant gold mineralisation
 - Hot spots = Where the shear zones hit the dolerites
- Drilling below 100m has been highly successful over the last 6 months:
 - 4x +50gm intercepts
 - Including a bonanza 4m @ 263g/t
- Open along strike and at depth; drilling in 2022

Orient Well

- Another "forgotten" shallow opportunity -Virtually no exploration for ~20 years
- Hosted within a felsic intrusive Stockwork of quartz veins associated with sulphides over >1,600m strike
- Recent drilling success in three key extensional areas:
 - South of the open pit
 - In the immediate hanging wall of the open pit
 - Orient Well East, ~300m into the hanging wall
- Open along strike and at depth; drilling in 2022

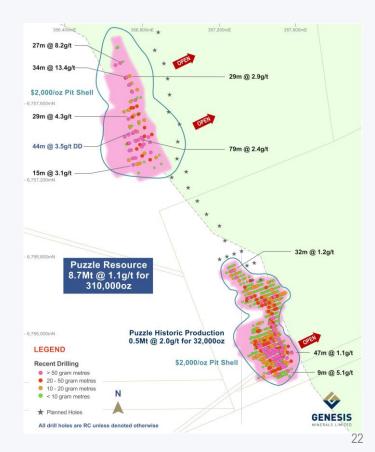

APPENDIX A - Leonora Gold Project

Puzzle

- Another "forgotten" shallow opportunity Virtually no exploration for ~20 years
- Significant exploration target covering 2km of granite-greenstone contact
- April 2021 new discovery at Puzzle North:
 - Numerous shallow, high grade drill hits
 - 600m long zone of gold mineralization defined
 - Contributed maiden 232koz to March 2022 Resources
- **Further growth anticipated** Drilling to target depth and strike extensions to Puzzle, Puzzle North, plus the untested "Puzzle Gap"
- Granite-greenstone contact now extends to ~10km (after recent acquisition of another ~4km)
- Exploration targeting similar geological settings south of Puzzle

Mineral Resources by deposit - March 2022:
