

**GNG CONTRACTS**  
**Feb 2021 to 13 Apr 2026**  
**As at 13 Apr 2026**

Date	Value	Contract Type	Customer (Parent)	Project	Mineral	Location	Summary	Start	End
09-Apr-26	\$68m	EPC	Evolution Mining Ltd Northparkes Mining Services	Northparkes Coarse Particle Flotation Project	Copper	300km W of SYD, NSW	Upgrade of existing plan to provide an increase in copper recovery and improve energy efficiency Follows successful completion of the Mungari Mill Expansion Project in 2025		
23-Feb-26	\$225	EPC	Generis Minerals Ltd	Tower Hill Gold Project	Gold	Leonora, WA	Design, procurement, construction, installation and commissioning of a ~4Mtpa gold processing facility		
17-Feb-26	\$115m	EPC	Brightstar Resources Ltd	Laverton Processing Plant	Gold	Eastern Goldfields, WA	Design, procurement, construction, installation and commissioning of a 1.5Mtpa gold processing facility		
05-Jun-25	\$79m	EPC Variation	Vault Minerals Ltd, Greenstone Resources Pty Ltd	Stage 2 Upgrade of King of the Hills Operations	Gold	Leonora, WA	Variation to existing EPC contract for Stage 2 upgrade for the King of the Hills Operations (Stage 2 Upgrade). Project scope comprise the design, procurement, construction, installation and commissioning of the upgrade to the King of the Hills processing plant. The Stage 2 Upgrade will increase the annual throughput of the wet processing plant to 7.5 Mtpa	Jan-25	Nov-26
20-Jun-25	\$77.6m	EPC	AIC Mines Ltd, AIC Copper Pty Ltd	Expansion of Eloise Copper processing facility	Copper	Northern Queensland	Design, Procurement, Construction, Installation and Commissioning of an upgrade to the existing processing plant, including a new crushing and screening plant, a new grinding and classification circuit and a new rougher flotation circuit.	Jun-25	Oct-26
01-May-25	Unknown	EPC	SO4	Lake Way Plant Retrofit & Upgrade Project	Potash	Wiluna, WA	Installation of a new two stage crushing circuit designed to maintain ore throughput capacity and improve feed size distribution to downstream process areas.  This involves the decommissioning and removal of the existing feed preparation sizing equipment, followed by installation of new conveyors, transfer chutes, associated structural steelwork and services to accommodate the revised materials handling configuration.	May-25	May-26
08-Apr-25	Not Disclosed	Engineering Study	Horizon Minerals	Black Swan Processing Plant	Gold	Goldfields, WA	Engineering studies work program to support the refurbishment and repurposing of the Black Swan processing plant for gold production.. To provide capital and operating cost estimates to and accuracy of +/- 20%		
28-Jan-25	\$75.1m	EPC	Vault Minerals Ltd, Greenstone Resources Pty Ltd	Stage 1 Upgrade of King of the Hills Operations	Gold	Leonora, WA	Project scope comprise the design, procurement, construction, installation and commissioning of the upgrade to the King of the Hills dry processing plant and the wet processing plant.	Jan-25	Nov-26
31-Oct-24	\$15m per year for 2 years	Operations & Maintenance Support	Santos	Wellsite Maintenance Execution Services	Oil & Gas	Surat and Cooper Basins	Contract extension for 2 years to provide wellsite maintenance execution services for Santos in the Surat and Cooper Basins. Estimated revenue from Well Site Maintenance work scope is \$9m per annum, with additional projects totalling \$6m pr annum, for each of the 2 years Continue to provide supervision, scheduling and maintenance execution services, with support from local workshop facilities. Contract has run since 2008		
20-Sep-24	\$25.7m	Design & Construct	Develop Global Ltd	Woodlawn Restart Project	Copper-Zinc	Lachlan Ford Belt, NSW	Scope of work includes the refurbishment flowsheet and operatability improvements of the existing process plant and associated infrastructure.	Sep-24	Apr-25
10-May-24	\$71m	EPC	Liontown Resources Ltd, LRL (Aust) Pty Ltd	Kathleen Valley Lithium Backfill Project	Lithium	Leinster, WA	The Kathleen Valley Lithium Project is a globally significant Tier-1 battery metals asset. Project scope comprise 2 paste plants which will produce paste fill for use in Liontown's underground operations	Dec-23	Dec-24
04-Dec-23	US\$81m	EPC	K92 Mining Ltd	Kainatu Gold Mine	Gold	Papua New Guinea	1.2 Mtpa Process plant at the Kainantu Gold Mine in PNG	Dec-23	Mar-25
14-Nov-23	\$28m	Operations & Maintenance Support	Inpex Operations Aust Pty Ltd	Ichthys LNG Upstream and Downstream facilities	Oil & Gas	Offshore WA	3-year contract with 2 three-year extension options for the provision of operations and maintenance support services Scope of work includes providing production and technical roles to Inpex as required to supplement their business, and support for maintenance shutdown planning and execution on all facilities.		

**GNG CONTRACTS**  
**Feb 2021 to 13 Apr 2026**  
**As at 13 Apr 2026**

Date	Value	Contract Type	Customer (Parent)	Project	Mineral	Location	Summary	Start	End
29-Sep-23	\$155m	EPC	Evolution Mining Ltd	Mungari Future Growth Project - Gold Process Plant	Gold	Kalgoorlie, WA	Scope of work is to expand the existing Mungari process plant to an annual throughput of 4.2 Mtpa, including required changes to process plant building and associated infrastructure.	Sep-23	Mar-25
08-Jun-23	\$10m per annum	Operations & Maintenance Support	Santos Ltd	Cooper Basin assets	Oil & Gas	Offshore WA	New 3-year contract with a 2-year extension option to provide maintenance services for STO's Cooper Basin assets. This additional scope of work is an extension of the services provided by GR on STO's Gladstone LNG project since 2016.
