

## Retraction of Statement in Announcement

ASX Announcement | 4/8/2021

On 2 August 2021, Spectur Ltd (**SP3** or the **Company**) released a FY22 Investor Briefing (**Announcement**).

The Announcement contains an Addressable Market slide with a column headed “Potential Revenue” on page 9, with associated footnotes providing an indication of the Company’s addressable market size and opportunity, noting that this was not a revenue forecast.

Following consultation with ASX, Spectur retracts the statement / reference to the “Potential Revenue” column on the slide and its associated footnotes.

The Company also advises that the retracted statement should not be used as the basis for an investment decision regarding Spectur Limited’s shares.

This announcement is approved by the Company’s Managing Director.

### About Spectur Limited

Spectur Limited (ASX:SP3) is an Australian-based developer of security, surveillance and warning solutions powered by solar, IoT [Internet of Things], camera and cloud-based technology. The Company owns the rights to its innovative hardware and disruptive cloud-based systems which are deployed to provide solutions to industries including government and utilities, and the building, construction and civil sector.

Spectur’s core products are solar powered warning, deterrence and surveillance systems and associated cloud-based platforms. These systems incorporate cameras, lighting, audible warnings and a hardware IoT platform, remotely accessed and connected via 3G/4G technology to a cloud-based platform. The offering is complemented by a longer distance, 24-hour thermal camera deterrence solution, suitable for customers with long perimeters.

Spectur is used and trusted by small business to multinationals and the Company is currently implementing a strategic growth plan to build market dominance in the Australian government and utilities sector to meet demand for innovative, remote camera and IoT solutions.
