FIJI KAVA - FY21 HALF YEAR FINANCIAL RESULTS

Fiji Kava (ASX: FIJ), an Australian-Fijian medicinal Kava health & wellness company which produces natural 'Noble Kava' products for the complementary and alternative medicine market, submits the following Appendix 4D Preliminary Report for the six months to 31 December 2020 (H1FY21).

Financial Highlights

- Record revenues for a six-month period of \$496,379, up 111% (1HFY20: \$234,521).
- Statutory net loss of \$1,547,312, a 28% improvement from the prior corresponding period (1HFY20: \$2,163,789)
- Strong financial management with a 9% reduction in costs for the half (H1FY21: \$1,928,853 versus H1FY20: \$2,124,238).
- Oversubscription and successful completion of the company's share placement, raising \$4.8 million (before costs) from institutional, professional and sophisticated investors.

Operational Highlights

- The successful launch of Fiji Kava's 'Speciality Ingredients' channel, for the sale of bulk Noble Kava extracts and products. As part of its Speciality Ingredients channel, Fiji Kava signed a non-exclusive licence agreement with BioCeuticals, a Blackmores-owned company, to develop co-branded products for release in Australia and New Zealand. The fulfilment of BioCeuticals opening order is complete.
- Fiji Kava launch into China through a landmark partnership with PuMate (Shanghai) Limited, which targets a minimum \$8 million in sales over an initial three-year period. Since this announcement, the opening order of Fiji Kava's Noble Kava products have been received and fulfilled by PuMate.
- Also in China, Fiji Kava signed a Memorandum of Understanding (MOU) with Shanghai listed Yuan Long Yato to explore the marketing and distribution of its products to online platforms and direct networks.
- Implemented key initiatives to help minimise disruptions resulting from COVID-19 and Cyclone Yasa, with the company recording a record revenue result despite the challenges presented. While some challenges remain, supply chain operations have begun to normalise.
- Strong and sustained demand among consumers for Fiji Kava in the supermarket category. This follows the launch of Fiji Kava into Coles Supermarkets and Coles Online, including three new and uniquely formulated Noble Kava varieties of Noble Sleep™, Noble Calm™ and Noble Body™ capsule ranges.

- Strengthened the Board with Founder Zane Yoshida transitioning to a Non-Executive Director position and Mr Jack Lowenstein joining the Board of as a Non-Executive Director. To facilitate the transition of Mr Yoshida, Mr Nicholas Simms was appointed Chief Executive Officer on an interim basis.
- All eight resolutions passed at Fiji Kava's Annual General Meeting in November 2020.
- Significant progress made to strengthen global Kava regulations to boost international exports, including the adoption of the Codex Regional Kava Standard, which was developed for Noble Kava when mixed with water and intended for human consumption. Strengthening the company's position because of its superior ability to conform with the new more rigorous supply chain requirements.
- A partnership with the Pacific Horticultural and Agricultural Market Access Plus (PHAMA Plus) Program to boost Fiji Kava's sustainable Kava supply and to strengthen export opportunities.

EXECUTIVE SUMMARY

Commenting on the half-year result, Fiji Kava interim CEO, Nicholas Simms said: "Key milestones achieved during the first half, including Fiji Kava's entry into China and agreement with BioCeuticals, a Blackmores-owned company, clearly demonstrates the global opportunity and growing demand for Fijian Noble Kava among both consumers and with our strategic business partners."

"We made positive progress in the availability of Fiji Kava and the company is well positioned to capture its share of the growing international opportunity for Noble Kava Extract and Powders, including growth in both our existing markets and exploration into new markets for the future."

"We have achieved this despite a challenging external environment. Pleasingly, some supply chain operations appear to be normalising and we have undertaken repairs for minor damage sustained at the Company's facilities in Levuka, on the island of Ovalau, caused by Cyclone Yasa."

"As a result of measures taken in response to external challenges and the progression of commercial agreements, Fiji Kava today announces a record revenue result for the first half of \$496,379, an increase of 111% from the prior corresponding period."

"This combined with tighter cost controls implemented during the half has led to significant improvement in the company's statutory net loss, with a 28% improvement from the prior corresponding period; with further cash receipts scheduled to be realised."

"Despite with the potential for short-term revenue fluctuations in any given quarter; we anticipate ongoing momentum over the medium to long-term, as we capitalise on both new and existing deals in place."

"Also as previously announced, to better manage potential future disruptions to our business, the company has increased inventories levels during the first half to boost product availability as we move forward. While this resulted in an increase in costs for the half, it was an important step to futureproof our business."

"More broadly, we remain buoyed by the global opportunity and progress being made to strengthen regulations across international kava and export markets, which serves to build more confidence in the quality and supply of Kava."

FINANCIAL OVERVIEW

Fiji Kava recorded \$496,379 in revenues for the six-months ending 31 December 2020, a 111% increase from the prior six months period ending 31 December 2019 (H1FY20: \$234,521). This increase in revenue was driven by sales to retail markets including continuing orders from the company's agreement with leading supermarket, Coles.

Fiji Kava recorded a statutory net loss of \$1,547,312 a 28% improvement from the prior corresponding period (H1FY20: \$2,163,789). Improvements to the company's financial position was due to increased sales and decreases in expenses due to tight cost controls implemented over operations.

Loss per share for H1FY21 of \$1.39, a 55% decrease from the prior corresponding period (H1FY20: \$3.13).

Fiji Kava recorded net assets of \$4,712,930 as at 31 December 2020, a 241% improvement to net assets of \$1,382,473 from the prior corresponding period. This is primarily due to the company's healthy cash balance of \$3,412,136 at 31 December 2020.

Total asset of the company as of 31 December 2020 (\$5,582,165) increased by 89% compared to total assets as of 30 June 2020 (\$2,945,660), driven by positive cash balance, trade receivable and building inventories.

Total liabilities of the company as of 31 December 2020 (\$869,235) decreased by 44% compared to total liabilities as of 30 June 2020 (\$1,563,187). The decrease in liabilities is mainly due to the reduction from \$510,000 of convertibles notes being converted to shares last financial year.

STRATEGIC PROGRESS

1. Growing Availability of Fijian Noble Kava

Fiji Kava is the first and only foreign company with approval from the Fijian Government to operate in the kava industry.

Fiji Kava secured new cornerstone distribution and supply agreements during the half, with significant milestones including its entry into China and partnership with BioCeuticals, a Blackmores-owned company.

Fiji Kava secured its first major collaboration to supply Fiji Kava's high-quality Noble Kava extracts under licence agreement through a deal with BioCeuticals, who is owned by leading Australian healthcare and ASX200 company, Blackmores Limited. The agreement sees BioCeuticals licence the use of Fiji Kava's high-quality Noble Kava extract for its BioCeuticals Clinical AnxioCalm product, which will be co-branded. Fulfilment of the opening BioCeuticals order has been completed.

The BioCeuticals agreement sits within Fiji Kava's 'Speciality Ingredients' channel, for the sale of bulk Noble Kava extracts and products. This channel includes Pathway International and a growing number of other relationships.

In another key commercial milestone achieved during the half, the company announced a landmark partnership with PuMate (Shanghai) Limited in an agreement that targets minimum sales of \$8 million

over the initial three-year term of the agreement and which will see branded Fiji Kava products and raw materials sold to China's complementary medicine, personal care and pharmaceutical industry, as well as through cross-border e-commerce marketplaces. The opening order of Fiji Kava's Noble Kava products have been received and fulfilled.

Fiji Kava also signed a MoU with Shanghai listed Yuan Long Yato, a market leading integrated marketing services provider with a proven record in growing international brands such as Nestle, Wyeth Nutrition, P&G and Pfizer via direct to consumer Mini Program and WeChat Shop Operations. The MoU reached with Yuan Long Yato is to explore the marketing and distribution of Fiji Kava's products to online platforms and direct networks in China.

China is a key strategic market for Fiji Kava as the second largest vitamin and supplements market in the world, estimated at RMB 149bn (AUD \$30bn¹).

In Australia, the company's agreement with leading supermarket Coles continued to perform strongly with sales growth achieved during the period. This is a cornerstone retail agreement for Fiji Kava and sees its Noble Kava extract capsules in 819 Coles Supermarkets and Coles Online, as well as its three new noble Kava varieties of Noble Sleep™, Noble Calm™ and Noble Body™ capsule ranges in 589 Coles Supermarkets and Coles Online.

2. Noble Kava Supply Chain Excellence

Establish a globally leading sustainable, unadulterated 100% traceable supply chain of Noble Kava

Fiji Kava has a unique competitive advantage through the investments made into its supply chain to create a true farm-to-shelf operation across R&D, growing, processing, extracting and distribution of the company's Noble Kava. This supply chain was tested during the half as a result of COVID-19 and Cyclone Yasa, with the company implementing measures to minimise disruption and to ensure the safety and wellbeing of its people.

In terms of COVID-19, Fiji Kava implemented remote working initiatives, engaged suppliers with digital alternatives, strategically placed its mobile processing units and to the extent possible, carefully managed its logistics channels to ensure it could freight raw materials out of Fiji. Notwithstanding these measures, the company faced some operational distribution including customs delays, testing bottlenecks and freight constraints. While disruptions still exist, the environment has shown some early signs of normalising.

As a result of Cyclone Yasa, Fiji Kava sustained minor damage at its facility on the island of Levuka. This damage has been repaired and the processing facility has continued to operate. The Company is also continuing to work with its community growers on any potential impacts to their supply in the short and long term.

3. Innovation & Product Development

Innovation and product development to bring health & wellbeing to consumers through the natural benefits of Fijian Noble Kava

Fiji Kava continued development of a new product pipeline to provide a natural alternative to prescription medicines. Current product development activities underway include additional Traditional Grind Drinking Kava, Functional Capsule offerings, Tea Bags and Specialty Ingredients.

These products once ready would be the latest developments by Fiji Kava and follow the launch of three uniquely formulated Noble Kava varieties of Noble Sleep™, Noble Calm™ and Noble Body™ capsule ranges.

- Fiji Kava 'Noble Calm' vegan hard capsules combining Fiji Kava's Noble Kava and Rhodiola rosea to calm the nerves, help relax the mind and support nervous system health to support general health and wellbeing
- Fiji Kava 'Noble Sleep' vegan hard capsules combining Fiji Kava's Noble Kava and Jujube to induce sleep, relieve sleeplessness and support general health and wellbeing
- Fiji Kava 'Noble Body' vegan hard capsules combining Fiji Kava's Noble Kava and Viburnum to enhance body relaxation, relieve muscle cramps and to support general health and wellbeing

In addition, Fiji Kava commissioned detailed consumer research to assess the potential of Kava as a health supplement across the need-state pillars of 'Sleep', 'Mind' and 'Body' and to identify key 'must win' activities to accelerate brand and category growth via future marketing efforts in the domestic market.

4. Promoting the Medical Benefits of Kava

Scientific and traditional evidence support Fiji Noble Kava's therapeutic benefits to health & wellbeing

During the period, the global Kava industry made significant progress to strengthen regulations to boost international export markets. Fiji Kava has been an involved participant during this process through its Founder and Non-Executive Director Mr Zane Yoshida, who is a Member of the National Codex Committee, Executive Committee Member of the Australian Fiji Business Council and the Fiji Kava Taskforce Committee, as well as Chair of Fiji-based subsidiary of Fiji Kava, South Pacific Elixirs Ltd and on the Board of US subsidiary Fiji Kava Inc.

The key development during the half was the new Codex Regional Kava Standard which was developed for Noble Kava when mixed with water. The standard was adopted following a five-year process by the Codex Alimentarius Commission, which was established with the support of the Food and Agriculture Organisation (FAO) and the United Nations and World Health Organisation (WHO). The kava standard adopted significantly strengthens regulations for the Pacific kava market to bring high-quality and safe kava to international markets.

Fiji Kava also signed a partnership with the Pacific Horticultural and Agricultural Market Access Plus (PHAMA Plus) Program to strengthen export opportunities for Fijian kava and to ensure high-quality, sustainable commercial production of Fijian kava. The partnership includes the development of

commercial kava nurseries and a focus on sustainable agricultural practices to standardise kava growing, harvesting and processing.

Investment in a new social media strategy, which has delivered ~1.86m Impressions and 55% increase in consumer engagement during the half versus the prior period; delivering total net audience growth of 300%.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

for the six months ended 31 December 2020

1. Reporting Entity

Fiji Kava Limited (“**Fiji Kava**” or the “**Company**”) is a company domiciled in Australia. These condensed consolidated interim financial statements (“interim financial statements”) as at and for the six months ended 31 December 2020 comprise the Company and its subsidiaries (together referred to as the ‘Group’). The Group is primarily involved in research, development and sale of kava and kava related product.

The consolidated annual financial statements of the Group as at and for the year ended 30 June 2020 are available upon request from the Company’s registered office at 96 Victoria Street, West End QLD 4101 or at https://cdn-api.markitdigital.com/apiman-gateway/ASX/asx-research/1.0/file/2924-02288358-6A998986?access_token=83ff96335c2d45a094df02a206a39ff4.

2. Basis of Preparation

These interim financial statements are general purpose financial statements prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*, and with IAS 34 *Interim Financial Reporting*.

They do not include all the information required for a complete set of annual financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual consolidated financial statements as at and for the year ended 30 June 2020.

These interim financial statements were authorised for issue by the Company’s Board of Directors on 15 February 2021.

2.1. Use of Judgements and Estimates

In preparing these interim financial statements, Management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of the assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by Management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

2.2. Going Concern

The financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Group incurred a loss for the period of \$1,547,312 and a net operating cash outflow of \$2,133,728. As at 31 December 2020, the Group is in net asset position of \$4,712,930.

6. Financial Instruments

6.1. Capital Risk Management

The Group manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The Group's overall strategy remains unchanged.

Gearing levels are reviewed by the Board on a regular basis in line with its target gearing ratio, the cost of capital and the risks associated with each class of capital.

6.2. Fair Value

At 31 December 2020, there are no financial assets or financial liabilities which are accounted for at fair value. Carrying amounts approximate the fair value of financial assets and financial liabilities presented in the consolidated Statement of Financial Position.

17 Related Parties

The Company issued 1,750,000 options at 10.5c to Key Management Personnel on 22 December 2020, exercisable by 22 December 2023

18 Significant Accounting Policies

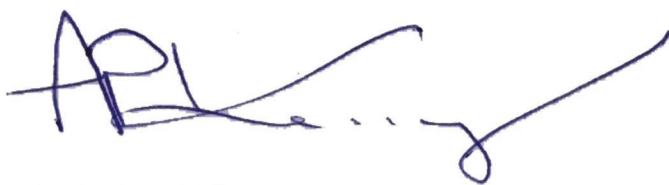

The accounting policies applied in these interim financial statements are the same as those applied in the Group's consolidated financial statements as at and for the year ended 30 June 2020. A number of new standards are effective from 1 July 2020 but they do not have a material effect on the Group's financial statements.

DIRECTORS' DECLARATION

In the opinion of the directors of Fiji Kava Limited (the **Company**):

1. the condensed consolidated financial statements and notes set out on pages 6 to 16, are in accordance with the Corporations Act 2001 including:
 - a. giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the six month period ended on that date and
 - b. complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Regulations 2001 and
2. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors:

Dr Andrew Kelly
Chairman

Dated at Brisbane this 17th day of February 2021

Independent Auditor's Review Report

To the members of Fiji Kava Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Fiji Kava Limited (the Company) and its controlled entities (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the Corporations Act 2001 including:

(a) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and

(b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the Directors for the Financial Report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the

Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

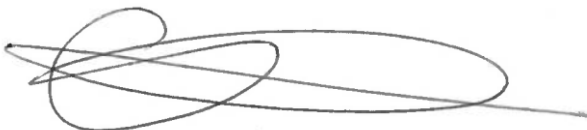

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Company's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.
